

# Superior Handling and Stability

STEPUP® Zn is liquid micronutrient product containing 9.0% zinc formulated with both EDTA and IDS chelates for maximum stability and effectiveness. STEPUP Zn's unique manufacturing process produces a suspension concentrate that delivers superior handling and improved stability over conventional zinc seed treatments.

**Superior handling**  
due to its unique formulation

**Zinc is one of the eight essential elements** and is crucial for plant development

**Chelated zinc will move with rainfall or irrigation** and remain active and available in the root zone of the crop

### Directions for Use:

STEPUP Zn is recommended to be an additive to current standard seed treatments and is not intended to be used alone. Shake well before using. Use 2-6 fluid ounces of STEPUP Zn per 100-weight (cwt) of seed.

Means followed by same letter do not significantly differ.

If graph contains multiple bars/lines, means from different evaluations (different colored vertical bars or different points on a line) do not correspond. (Non-Nutrition/Biological: P=.05, Nutrition/Biological: P=.10, LSD). If no letters are present, there is no significant difference.
