

71451N | 1.4 RM

Trait: XF

Hybrid Highlights

- XtendFlex® technology
- Attractive light tawny variety with excellent standability
- Consistent performance across soils and yield environments with tough acre placement as well
- Easy transition variety for the Xtend grower
- Performance lifts in above average to high yield environments
- Manage SWM with R1 fungicide application and/or placement

Plant Characteristics

Flower Color	White
Pubescence Color	Light Tawny
Pod Color	Tan
Hilum Color	Black
Plant Type	Med-Thin
Plant Height	Medium
Phytophthora Gene	Rps 3a + 1c
SCN Gene	PI 88.788

Herbicide Tolerance

Glyphosate	Yes
Glufosinate	Yes
Dicamba	Yes
2,4-D Choline	No
STS	No

Agronomics

Emergence	Excellent
No-Till	Excellent
Wide Row Adaptation	Below Avg
Stress Tolerance	Above Avg
Standability	Excellent
Chloride Sensitivity	Excellent

Disease Tolerance

SDS	Average
PRR Field Tolerance	Very Good
IDC Tolerance	Above Avg
BSR	Resistant
White Mold	Average
Root Knot	N/A
Stem Canker	Resistant
Frogeye	N/A
Cercospora	N/A

Yield Environment Placement

Tough	Above Avg
Variable	Very Good
High Yield	Excellent

Soil Placement

Stress Prone	Above Avg
Variable	Very Good
Poorly Drained	Excellent
Highly Productive	Excellent

Region Adaptability

Bayer Company is a member of Excellence Through Stewardship® (ETS). Bayer products are commercialized in accordance with ETS Product Launch Stewardship Guidance, and in compliance with Bayer's Policy for Commercialization of Biotechnology-Derived Plant Products in Commodity Crops. This product has been approved for import into key export markets with functioning regulatory systems. Any crop or material produced from this product can only be exported to, or used, processed or sold in countries where all necessary regulatory approvals have been granted. It is a violation of national and international law to move material containing biotech traits across boundaries into nations where import is not permitted. Growers should talk to their grain handler or product purchaser to confirm their buying position for this product. Excellence Through Stewardship® is a registered trademark of Excellence Through Stewardship.

Products with XtendFlex® Technology contains genes that confer tolerance to glyphosate, glufosinate and dicamba. Glyphosate will kill crops that are not tolerant to glyphosate. Dicamba will kill crops that are not tolerant to dicamba. Glufosinate will kill crops that are not tolerant to glufosinate. Contact your seed brand dealer or refer to the Bayer Technology Use Guide for recommended weed control programs.

Roundup Ready 2 Xtend® soybeans contain genes that confer tolerance to glyphosate and dicamba. Products with XtendFlex® Technology contains genes that confer tolerance to glyphosate, glufosinate and dicamba. Glyphosate will kill crops that are not tolerant to glyphosate. Dicamba will kill crops that are not tolerant to dicamba. Glufosinate will kill crops that are not tolerant to glufosinate. Contact your seed brand dealer or refer to the Bayer Technology Use Guide for recommended weed control programs.

XtendFlex® soybeans have received full approval for planting in the United States but are pending approval in certain export markets. For 2020, XtendFlex® soybeans were available as part of a stewarded introduction only to growers who signed a 2020 XtendFlex® Stewardship Agreement and agreed to follow the stewardship requirements. Commercial availability in 2021 is dependent upon regulatory approval.

Performance may vary from location to location and from year to year, as local growing, soil and weather conditions may vary. Growers should evaluate data from multiple locations and years whenever possible.

Roundup Ready® and XtendFlex® are trademarks of Bayer Group.

Always follow grain marketing and IRM requirements and pesticide label directions. Agronomic characteristics and ratings may vary with growing conditions and environment. Ratings are approximate and should not be considered as absolute. Ratings on new products are based on limited data and may change as more data are collected. Extreme or variable conditions may adversely affect performance. WILBUR ELLIS logo, INTEGRA and INTEGRA logo are registered trademarks of Wilbur-Ellis Company LLC.
