

# 71701N | 1.7 RM

Trait: XF

## Hybrid Highlights

- XtendFlex® technology
- Reminds me of an earlier INTEGRA 52168N
- Medium-tall variety with impressive standability, width, and lateral branching
- Broad acre fit, but performance lifts with western movement
- Best performance in above average to high yield environments
- Recommend seed treatments to aid PRR and SDS management

## Plant Characteristics

Flower Color	Purple
Pubescence Color	Light Tawny
Pod Color	Tan
Hilum Color	Black
Plant Type	Med-Bush
Plant Height	Medium
Phytophthora Gene	HRps 1c
SCN Gene	PI 88.788

## Herbicide Tolerance

Glyphosate	Yes
Glufosinate	Yes
Dicamba	Yes
2,4-D Choline	No
STS	No

## Agronomics

Emergence	Excellent
No-Till	Excellent
Wide Row Adaptation	Excellent
Stress Tolerance	Very Good
Standability	Very Good
Chloride Sensitivity	N/A

## Disease Tolerance

SDS	Below Avg
PRR Field Tolerance	Average
IDC Tolerance	Above Avg
BSR	Resistant
White Mold	Below Avg
Root Knot	N/A
Stem Canker	Resistant
Frogeye	Below Avg
Cercospora	N/A

## Yield Environment Placement

Tough	Very Good
Variable	Very Good
High Yield	Excellent

## Soil Placement

Stress Prone	Very Good
Variable	Above Avg
Poorly Drained	Above Avg
Highly Productive	Excellent

## Region Adaptability

Bayer Company is a member of Excellence Through Stewardship® (ETS). Bayer products are commercialized in accordance with ETS Product Launch Stewardship Guidance, and in compliance with Bayer's Policy for Commercialization of Biotechnology-Derived Plant Products in Commodity Crops. This product has been approved for import into key export markets with functioning regulatory systems. Any crop or material produced from this product can only be exported to, or used, processed or sold in countries where all necessary regulatory approvals have been granted. It is a violation of national and international law to move material containing biotech traits across boundaries into nations where import is not permitted. Growers should talk to their grain handler or product purchaser to confirm their buying position for this product. Excellence Through Stewardship® is a registered trademark of Excellence Through Stewardship.

Products with XtendFlex® Technology contains genes that confer tolerance to glyphosate, glufosinate and dicamba. Glyphosate will kill crops that are not tolerant to glyphosate. Dicamba will kill crops that are not tolerant to dicamba. Glufosinate will kill crops that are not tolerant to glufosinate. Contact your seed brand dealer or refer to the Bayer Technology Use Guide for recommended weed control programs.

Roundup Ready 2 Xtend® soybeans contain genes that confer tolerance to glyphosate and dicamba. Products with XtendFlex® Technology contains genes that confer tolerance to glyphosate, glufosinate and dicamba. Glyphosate will kill crops that are not tolerant to glyphosate. Dicamba will kill crops that are not tolerant to dicamba. Glufosinate will kill crops that are not tolerant to glufosinate. Contact your seed brand dealer or refer to the Bayer Technology Use Guide for recommended weed control programs.

XtendFlex® soybeans have received full approval for planting in the United States but are pending approval in certain export markets. For 2020, XtendFlex® soybeans were available as part of a stewarded introduction only to growers who signed a 2020 XtendFlex® Stewardship Agreement and agreed to follow the stewardship requirements. Commercial availability in 2021 is dependent upon regulatory approval.

Performance may vary from location to location and from year to year, as local growing, soil and weather conditions may vary. Growers should evaluate data from multiple locations and years whenever possible.

Roundup Ready® and XtendFlex® are trademarks of Bayer Group.

Always follow grain marketing and IRM requirements and pesticide label directions. Agronomic characteristics and ratings may vary with growing conditions and environment. Ratings are approximate and should not be considered as absolute. Ratings on new products are based on limited data and may change as more data are collected. Extreme or variable conditions may adversely affect performance. WILBUR ELLIS logo, INTEGRA and INTEGRA logo are registered trademarks of Wilbur-Ellis Company LLC.
