

**NEW**

# 73622NS | 3.6 RM

Trait: XF / STS

## Hybrid Highlights

- XtendFlex® technology
- Versatile soybean with east to west movement and performance across soils and yield environments
- Solid agronomics with ability to cover entire mid-group III zone
- Good option for soils with highly soluble salts
- Very good standability

## Plant Characteristics

|                   |           |
|-------------------|-----------|
| Flower Color      | Purple    |
| Pubescence Color  | Gray      |
| Pod Color         | Brown     |
| Hilum Color       | Imp Black |
| Plant Type        | Medium    |
| Plant Height      | Medium    |
| Phytophthora Gene | Rps 1A    |
| SCN Gene          | PI 88.788 |

## Herbicide Tolerance

|               |     |
|---------------|-----|
| Glyphosate    | Yes |
| Glufosinate   | Yes |
| Dicamba       | Yes |
| 2,4-D Choline | No  |
| STS           | Yes |

## Agronomics

|                      |           |
|----------------------|-----------|
| Emergence            | Very Good |
| No-Till              | Very Good |
| Wide Row Adaptation  | Average   |
| Stress Tolerance     | Very Good |
| Standability         | Very Good |
| Chloride Sensitivity | Very Good |

## Disease Tolerance

|                     |             |
|---------------------|-------------|
| SDS                 | Above Avg   |
| PRR Field Tolerance | Above Avg   |
| IDC Tolerance       | Average     |
| BSR                 | Above Avg   |
| White Mold          | Above Avg   |
| Root Knot           | Susceptible |
| Stem Canker         | Resistant   |
| Frogeye             | Above Avg   |
| Cercospora          | N/A         |

## Yield Environment Placement

|            |           |
|------------|-----------|
| Tough      | Excellent |
| Variable   | Excellent |
| High Yield | Excellent |

## Soil Placement

|                   |           |
|-------------------|-----------|
| Stress Prone      | Very Good |
| Variable          | Excellent |
| Poorly Drained    | Above Avg |
| Highly Productive | Very Good |

## Region Adaptability

Bayer Company is a member of Excellence Through Stewardship® (ETS). Bayer products are commercialized in accordance with ETS Product Launch Stewardship Guidance, and in compliance with Bayer's Policy for Commercialization of Biotechnology-Derived Plant Products in Commodity Crops. This product has been approved for import into key export markets with functioning regulatory systems. Any crop or material produced from this product can only be exported to, or used, processed or sold in countries where all necessary regulatory approvals have been granted. It is a violation of national and international law to move material containing biotech traits across boundaries into nations where import is not permitted. Growers should talk to their grain handler or product purchaser to confirm their buying position for this product. Excellence Through Stewardship® is a registered trademark of Excellence Through Stewardship.

Products with XtendFlex® Technology contains genes that confer tolerance to glyphosate, glufosinate and dicamba. Glyphosate will kill crops that are not tolerant to glyphosate. Dicamba will kill crops that are not tolerant to dicamba. Glufosinate will kill crops that are not tolerant to glufosinate. Contact your seed brand dealer or refer to the Bayer Technology Use Guide for recommended weed control programs.

Roundup Ready 2 Xtend® soybeans contain genes that confer tolerance to glyphosate and dicamba. Products with XtendFlex® Technology contains genes that confer tolerance to glyphosate, glufosinate and dicamba. Glyphosate will kill crops that are not tolerant to glyphosate. Dicamba will kill crops that are not tolerant to dicamba. Glufosinate will kill crops that are not tolerant to glufosinate. Contact your seed brand dealer or refer to the Bayer Technology Use Guide for recommended weed control programs.

XtendFlex® soybeans have received full approval for planting in the United States but are pending approval in certain export markets. For 2020, XtendFlex® soybeans were available as part of a stewardship introduction only to growers who signed a 2020 XtendFlex® Stewardship Agreement and agreed to follow the stewardship requirements. Commercial availability in 2021 is dependent upon regulatory approval.

Performance may vary from location to location and from year to year, as local growing, soil and weather conditions may vary. Growers should evaluate data from multiple locations and years whenever possible.

Roundup Ready®, XtendFlex® and SR Design® are trademarks of Bayer Group.

Always follow grain marketing and IRM requirements and pesticide label directions. Agronomic characteristics and ratings may vary with growing conditions and environment. Ratings are approximate and should not be considered as absolute. Ratings on new products are based on limited data and may change as more data are collected. Extreme or variable conditions may adversely affect performance. WILBUR ELLIS logo, INTEGRA and INTEGRA logo are registered trademarks of Wilbur-Ellis Company LLC.
