

STP5209 | 102 RM

GDU to Mid-Silk N/A
 Pollination for Maturity N/A

Hybrid Highlights

- Leafy Corn Silage hybrid stacked with multiple modes of action against insect pests including CRW
- Excellent overall agronomic package with wide adaptability east to west and extremely good southern movement as well
- Much wider silage harvest window compared to grain or dual-purpose hybrids
- Very high tonnage yield with very easy ration adaptability and feed quality
- Tonnage and feed quality characteristics are enhanced at moderate planting populations

Traits

- VT2P RIB
- GSS RIB

Agronomics

Greensnap	Very Good
Stalks	Very Good
Roots	Excellent
Early Vigor	Very Good
Drought Tolerance	Very Good
Silage Yield	Elite
Feed Quality	Excellent

Water Management

Full Irrigation	HR
Limited Irrigation	HR
Rainfed	HR
Dryland (Stress)	R

Key

Disease Tolerance

N. Corn Leaf Blight	N/A
Gray Leaf Spot	N/A
Southern Leaf Blight	N/A
Goss's Wilt	N/A
Common Rust	Very Good
Southern Rust	Very Good

Management Response

Added Management	Very Good
Fungicide Response	Average
Average Management	Excellent
Low Management	Excellent

Region Adaptability

Soil Placement

Course (Droughty)	Very Good
Medium	Excellent
Heavy (Well Drained)	Excellent
Heavy (Poorly Drained)	Very Good
Variable	Excellent

Rotation Management

Rotated Acres	HR
Continuous Corn	HR
Continuous Corn w/ Fungicide	R

STP5209 | 102 RM

INTEGRA® SILAGE CORN

Plant Description

Plant Height	Tall
Ear Height	Low
Leaf Angle	Semi-Upright
Leaf Color	Dark Green
Leaf Width	N/A
Silk Color	N/A
Anther Color	N/A
Kernel Row	18-20
Cob Color	White
Ear Length	Semi-Long
Ear Girth	Semi-Girthy
Ear Type	Flex
Husk Cover	Good

Population Management

Yield Environment	Population Range
0-100	16000-20000
101-150	20000-24000
151-200	24000-28000
201-250	28000-30000
251-300	30000-32000

Herbicide Sensitivity

Growth Regulator	Acceptable
Sulfonylureas Inhibitors (ALS)	Acceptable
Pigment Inhibitors (HPPD)	Acceptable

Yield Environment Placement

Tough	Very Good
Variable	Excellent
High Yield	Excellent

Bayer Company is a member of Excellence Through Stewardship® (ETS). Bayer products are commercialized in accordance with ETS Product Launch Stewardship Guidance, and in compliance with Bayer's Policy for Commercialization of Biotechnology-Derived Plant Products in Commodity Crops. This product has been approved for import into key export markets with functioning regulatory systems. Any crop or material produced from this product can only be exported to, or used, processed or sold in countries where all necessary regulatory approvals have been granted. It is a violation of national and international law to move material containing biotech traits across boundaries into nations where import is not permitted. Growers should talk to their grain handler or product purchaser to confirm their buying position for this product. Excellence Through Stewardship® is a registered trademark of Excellence Through Stewardship®.

B.t. products may not yet be registered in all states. Check with your representative for the registration status in your state.

IMPORTANT IRM INFORMATION: RIB Complete® corn blend products do not require the planting of a structured refuge except in the Cotton-Growing Area where corn earworm is a significant pest. SmartStax® RIB Complete® corn blend is not allowed to be sold for planting in the Cotton-Growing Area. See the IRM/Grower Guide for additional information. Always read and follow IRM requirements.

ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS. Roundup Ready technology contain genes that confer tolerance to glyphosate, an active ingredient in Roundup® brand agricultural herbicides. Agricultural herbicides containing glyphosate will kill crops that are not tolerant to glyphosate.

Performance may vary from location to location and from year to year, as local growing, soil and weather conditions may vary. Growers should evaluate data from multiple locations and years whenever possible and should consider the impacts of these conditions on the grower's fields.

RIB Complete®, Roundup Ready 2 Technology and Design®, Roundup Ready®, Roundup®, SmartStax®, and VT Double PRO® are trademarks of Bayer Group. Respect the Refuge and Corn Design® and Respect the Refuge® are registered trademarks of National Corn Growers Association. All other trademarks are the property of their respective owners.

LibertyLink® and the Water Droplet Design® are registered trademarks of BASF Corporation. Herculex® is a registered trademark of Corteva AgroSciences LLC.

Always follow grain marketing and IRM requirements and pesticide label directions. Agronomic characteristics and ratings may vary with growing conditions and environment. Ratings are approximate and should not be considered as absolute. Ratings on new products are based on limited data and may change as more data are collected. Extreme or variable conditions may adversely affect performance. WILBUR ELLIS logo, INTEGRA and INTEGRA logo are registered trademarks of Wilbur-Ellis Company LLC.

Before opening a bag of seed, be sure to read, understand and accept the stewardship requirements, **including applicable refuge requirements for insect resistance management**, for the biotechnology traits expressed in the seed as set forth in the Monsanto Technology/Stewardship Agreement that you sign. By opening and using a bag of seed, you are reaffirming your obligation to comply with the most recent stewardship requirements.
