

Plant with STEPUP® FLUENT®

Start your wheat off on the right step!

STEPUP FLUENT is a dry seed nutritional that improves early root growth and plant vigor. By providing proper nutrition to the seed, plants can better withstand early-season cold and water stress while progressing through the vegetative growth stage. Your favorite partner in the planter box, STEPUP FLUENT is the right seed to address the critical, early stages of crop growth to maximize yield.

SEEING IS BELIEVING!

Wheat crops are getting the right start with STEPUP!

Applying STEPUP at planting gave this winter wheat a head start and led to a healthier stand in the spring.

- **Replace talc and graphite with a powerful nutrient package**
- **Create stronger, more developed root systems, improving resistance to environmental stress**
- **Excellent option for soils with locked up, unavailable phosphorus**
