

STEPUP FLUENT™

STEPUP FLUENT is a dry seed nutritional that improves early root growth and plant vigor. By providing proper nutrition to the seed, plants can better withstand early-season cold and water stress while progressing through the vegetative growth stage. Your favorite partner in the planter box, STEPUP FLUENT is the right seed treatment to address the critical, early stages of crop growth to maximize yield.

Benefits:

- For use on corn, wheat and all other major row crops
- Talc and graphite replacement
- Creates longer, more developed root system
- An excellent seed-drying source; improves lubrication and flowability
- Improves resistance to early-season cold and water stress
- Improves planter performance by ensuring only a single seed is picked up and fed to the planter
- Reduces skips and seed bridging
- Easy scoop, pour and equipment options simplify applications
- Recommended for soils with locked up, unavailable phosphorus

Application Rate for All Crops:

- 3 oz/unit of seed (50 lb)
- 6 oz/100 lb of seed

Packaging:

- 7 lb jugs x 4 in a case
- 60 cases per pallet
