

A New Look at Iron

- A faster, deeper green color response in turf than iron alone
- Complexed micronutrients and amino acids enhance nutrient uptake and turf response

LINK® DYNAMIC IRON™ DELIVERS WHERE OTHER IRON PRODUCTS FALL SHORT

The value of iron applications to turf are well known—so are the limitations. The proprietary blend of iron, micronutrients, and amino acids found in LINK DYNAMIC IRON delivers dark green, healthy turf that goes beyond expectations.

LINK DYNAMIC IRON is more than just deep dark greens—it's the nutritional LINK your turf is missing. The unique combination of micronutrients, including manganese, zinc, and magnesium, complexed with amino acids improves turf health by increasing nutrient efficiency, availability, and mobility—leading to increased vigor and improved tolerance to abiotic stressors.

APPLICATION RATE

Rate range of 1-6 oz/1000 sq ft

Discover how you can harness the Power of WE™ at [Pro.WilburEllis.com](https://www.Pro.WilburEllis.com)

LINK DYNAMIC IRON BENEFITS

Fast acting, long lasting, deep green color

Improves plant health and vigor

Increased tolerance to abiotic stress

Enhanced micronutrient efficiency

Ideal tank mix partner
