

# Help Your Farm Thrive with CropSights

**CROPSIGHTS**  
BY WILBUR-ELLIS

CropSights is Wilbur Ellis' new offering that **helps growers and agronomists improve decision-making and unlock more value** by organizing insights from many information sources.

CropSights complements Wilbur-Ellis' value-added advisory services by offering **simple, easy-to-access insights** across input tracking, budgeting, regulatory compliance, and more.

## In-Season Application Tracking

View past and upcoming applications, watch field entry status (REI / PHI), add events, and sort by land area or commodity

## Cost per Acre Monitoring

Create budgets for major cost categories like chemicals and water, view across sub-categories, and track cost per acre

## Regulatory Compliance Management

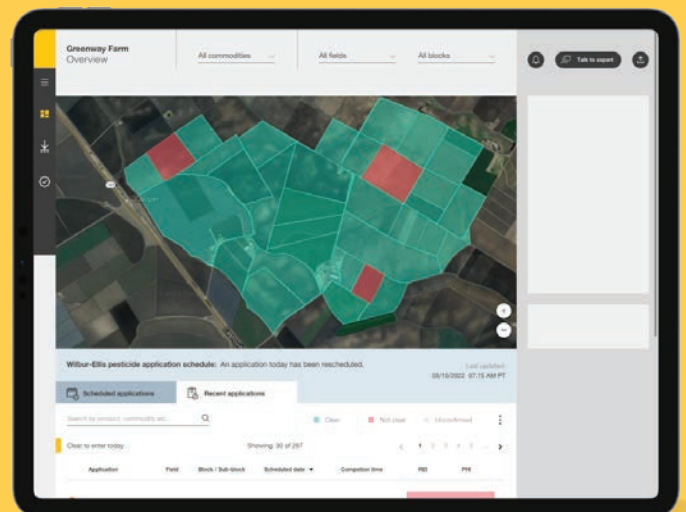

Monitor key inputs against requirements for AgOrder 4.0 and export application data reports
