II - MSRP Pricing Structure & AMP Incentive

Sipcam Agro USA, Inc. has made a significant investment in the development of Coastal, ETQ, and Karma portfolio of products. MSRP prices have been suggested to support our distributor's need for a fair return for their selling efforts. If a distributor chooses not to sell at or above the MSRP price, Sipcam reserves the right to limit the future supply of Coastal, Karma, or ETQ products to that distributor.

To reward those who continue to support our MSRP structure and help us grow, an **AMP Incentive** of \$3.00/gallon sold to the End User will be paid for the products listed above. Utilization of the funds are at the discretion of the Distributor partner and can be used to amplify EOP offerings.

- ❖ All payments will be made to Authorized distributor.
- ❖ End User Sales must be reported by January 27, 2023, in the format provided by Sipcam Agro USA, Inc. (form to be provided by Account Manager)
- ❖ End User Sales must be transacted between August 1, 2022 – December 31, 2022 and will be subject to proper documentation.
- ❖ Quantity reported for payout amounts cannot exceed purchase volumes from Period I & Period II.
- ❖ AMP Incentive Payments will be made to Distributor Partner in March 2023.
