GDU to Mid-Silk 1400

Pollination for Maturity Early

HYBRID HIGHLIGHTS

- Big time performance in university trials!
- Attractive, dual purpose type hybrid that is best positioned as a silage only hybrid
- Strong silage yield and quality best positioned on above average to high yield acres
- Very responsive to irrigation and added management
- Good Northern movement for RM

REGION ADAPTABILITY

AGRONOMICS

| | |
|-------------------|-----------|
| Greensnap | Above Avg |
| Stalks | Above Avg |
| Roots | Above Avg |
| Early Vigor | Above Avg |
| Drought Tolerance | Average |
| Silage Yield | Excellent |
| Feed Quality | Excellent |

DISEASE TOLERANCE

| | |
|----------------------|-----------|
| N. Corn Leaf Blight | Below Avg |
| Gray Leaf Spot | Very Good |
| Southern Leaf Blight | Above Avg |
| Goss's Wilt | Above Avg |
| Common Rust | Very Good |
| Southern Rust | Average |
| Tar Spot | N/A |

SOIL PLACEMENT

| | |
|------------------------|-----------|
| Course (Droughty) | Average |
| Medium | Excellent |
| Heavy (Well Drained) | Very Good |
| Heavy (Poorly Drained) | Above Avg |
| Variable | Very Good |

WATER MANAGEMENT

| | |
|--------------------|----|
| Full Irrigation | HR |
| Limited Irrigation | R |
| Rainfed | HR |
| Dryland (Stress) | NR |

MANAGEMENT RESPONSE

| | |
|--------------------|-----------|
| Added Management | Excellent |
| Fungicide Response | Very Good |
| Average Management | Very Good |
| Low Management | Above Avg |

ROTATION MANAGEMENT

| | |
|------------------------------|----|
| Rotated Acres | HR |
| Continuous Corn | R |
| Continuous Corn w/ Fungicide | R |

PLANT DESCRIPTION

| | |
|--------------|-------------|
| Plant Height | Med-Tall |
| Ear Height | Medium |
| Kernel Row | 16-18 |
| Cob Color | Red |
| Ear Length | Semi-Long |
| Ear Girth | Semi-Girthy |
| Ear Type | Semi-Flex |
| Husk Cover | Good |

POPULATION MANAGEMENT

| Yield Environment | Population Range |
|-------------------|------------------|
| 0-100 | NR |
| 101-150 | 20000-28000 |
| 151-200 | 28000-32000 |
| 201-250 | 32000-35000 |
| 251-300 | 35000-42000 |

HERBICIDE SENSITIVITY

| | |
|--------------------------------|------------|
| Growth Regulator | Acceptable |
| Sulfonylureas Inhibitors (ALS) | Acceptable |
| Pigment Inhibitors (HPPD) | Acceptable |

YIELD ENVIRONMENT PLACEMENT

| | |
|------------|-----------|
| Tough | Below Avg |
| Variable | Very Good |
| High Yield | Excellent |

ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS. Performance may vary from location to location and from year to year, as local growing, soil and weather conditions may vary. Growers should evaluate data from multiple locations and years whenever possible and should consider the impacts of these conditions on the grower's fields.

Important: Always read and follow label and bag tag instructions; only those labeled as tolerant to glufosinate may be sprayed with glufosinate ammonium based herbicides.

Seed products with the LibertyLink® (LL) trait are resistant to the herbicide glufosinate ammonium, an alternative to glyphosate in corn, and combine high-yielding genetics with the powerful, nonselective, postemergent weed control of Liberty® herbicide for optimum yield and excellent weed control. LibertyLink®, Liberty® and the Water Droplet logo are registered trademarks of BASF.

Before opening a bag of seed, be sure to read, understand and accept the stewardship requirements, including applicable refuge requirements for insect resistance management, for the biotechnology traits expressed in the seed as set forth in the Technology/Stewardship Agreement that you sign. By opening and using a bag of seed, you are reaffirming your obligation and agreement to comply with the most recent stewardship requirements.

Corn trait technology incorporated into these seeds is commercialized under license from Syngenta Seeds, Inc. Herculex® Technology incorporated into these seeds is commercialized under license from Corteva Agriscience LLC. HERCULEX® and the HERCULEX Shield are trademarks of Corteva Agriscience LLC. Agrisure®, Agrisure Viptera®, and E-Z Refuge® are registered trademarks of Syngenta Group Company. All other trademarks are the property of their respective owners.

Always follow grain marketing and IRM requirements and pesticide label directions. Agronomic characteristics and ratings may vary with growing conditions and environment. Ratings are approximate and should not be considered as absolute. Ratings on new products are based on limited data and may change as more data are collected. Extreme or variable conditions may adversely affect performance. WILBUR ELLIS logo, INTEGRA and INTEGRA logo are registered trademarks of Wilbur-Ellis Company LLC.
