

XF1803

1.8 RM XtendFlex®

VARIETY HIGHLIGHTS

- LOOK NO FURTHER!
- Versatile variety with performance across variable soils and yield environments
- Performance lifts in above average to high yield environments
- Multi-year yield performance
- Key variety across late group I to early group II zones

PLANT CHARACTERISTICS

Flower Color	Purple
Pubescence Color	Gray
Pod Color	Tan
Hilum Color	Buff
Plant Type	Medium
Plant Height	Medium-Tall
Phytophthora Gene	NG
SCN Gene	PI 88.788

HERBICIDE TOLERANCE

Glyphosate	Yes
Glufosinate	Yes
Dicamba	Yes
2,4-D Choline	No
STS	No

AGRONOMICS

Emergence	Excellent
No-Till	Excellent
Wide Row Adaptation	Above Avg
Stress Tolerance	Average
Standability	Excellent
Chloride Sensitivity	Includer

DISEASE TOLERANCE

SDS	Above Avg
PRR Field Tolerance	Above Avg
IDC Tolerance	Average
BSR	Resistant
White Mold	Average
Root Knot	N/A
Stem Canker	Resistant
Frogeye	N/A
Cercospora	N/A

YIELD ENVIRONMENT PLACEMENT

Tough	Very Good
Variable	Excellent
High Yield	Excellent

SOIL PLACEMENT

Stress Prone	Average
Variable	Excellent
Poorly Drained	Very Good
Highly Productive	Excellent

REGION ADAPTABILITY

No dicamba may be used in-crop with seed with Roundup Ready® Xtend Technology, unless and until approved or specifically permitted, and no dicamba formulations are currently registered for such use in the 2025 season. Please follow <https://www.roundupreadyxtend.com/pages/xtendmax-updates.aspx> for status updates.

Bayer is a member of Excellence Through Stewardship® (ETS). Bayer products are commercialized in accordance with ETS Product Launch Stewardship Guidance, and in compliance with Bayer's Policy for Commercialization of Biotechnology-Derived Plant Products in Commodity Crops. Commercialized products have been approved for import into key export markets with functioning regulatory systems. Any crop or material produced from this product can only be exported to, or used, processed or sold in countries where all necessary regulatory approvals have been granted. It is a violation of national and international law to move material containing biotech traits across boundaries into nations where import is not permitted. Growers should talk to their grain handler or product purchaser to confirm their buying position for this product. Excellence Through Stewardship® is a registered trademark of Excellence Through Stewardship.

ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS.

It is a violation of federal and state law to use any pesticide product other than in accordance with its labeling. NOT ALL formulations of dicamba, glyphosate or glufosinate are approved for in-crop use with products with XtendFlex® Technology. ONLY USE FORMULATIONS THAT ARE SPECIFICALLY LABELED FOR SUCH USES AND APPROVED FOR SUCH USE IN THE STATE OF APPLICATION. Contact the U.S. EPA and your state pesticide regulatory agency with any questions about the approval status of dicamba herbicide products for in-crop use with products with XtendFlex® Technology.

Products with XtendFlex® Technology contains genes that confer tolerance to glyphosate, glufosinate and dicamba. Plants that are not tolerant to glyphosate, dicamba, and/or glufosinate may be damaged or killed if exposed to those herbicides. Contact your seed brand dealer or refer to the Bayer Technology Use Guide for recommended weed control programs.

Roundup Ready 2 Xtend®, Roundup Ready 2 Yield® and XtendFlex® are registered trademarks of Bayer Group. LibertyLink logo® and LibertyLink® are trademarks of BASF Corporation.

Performance may vary from location to location and from year to year, as local growing, soil and weather conditions may vary. Growers should evaluate data from multiple locations and years whenever possible.

Always follow grain marketing and IRM requirements and pesticide label directions. Agronomic characteristics and ratings may vary with growing conditions and environment. Ratings are approximate and should not be considered as absolute. Ratings on new products are based on limited data and may change as more data are collected. Extreme or variable conditions may adversely affect performance.
