

UPGRADE YOUR DRIFT CONTROL.

THE PRODUCT CHOICE FOR THOSE WHO WANT THE JOB DONE RIGHT THE FIRST TIME.

**Improved formulation
to ensure superior
stability in your tank
and in your barn**

**Ultra low use rate
1 fl oz/A ground
or 0.5 fl oz/A aerial**

**More active ingredient
deposited per acre to
achieve cleaner fields**

DILIGENCE® is engineered to maximize spray performance, helping every droplet reach its intended target—increasing deposition and reducing spray drift. With an ultra-low use rate, excellent compatibility, and a newly improved formulation, DILIGENCE delivers consistent, reliable performance without the mixing headaches or excess volume of traditional drift reduction agents.

The result? With better deposition you will have cleaner fields ensuring you get the job done right the first time and increase returns on every acre.

WHY CHOOSE DILIGENCE?

Improve Application ROI

Increased deposition = more product reaching the target

Maximize Every Drop

Keep your product on target by reducing drift and evaporation

Seamless Tank Mix Compatibility

Improved formulation provides smooth mixing and dependable results
